

K-LOVE has continued to serve me and my family as well as my local community with encouraging and positive commercial free music & news reports.

It would be a real tragedy if K-LOVE was replaced with an LPFM broadcaster and K-LOVE could no longer be available for my childred, family, & community to enjoy.

K-LOVE provides a tremendous service to the community by providing the only popular Christian music & news source in San Antonio. With all of the endorsements of alchohol, topless bars, & other secular advertisements that are increasing pushing the envelope on mainstream approval, having a safe alternative is very important to my family & I.

Please continue to allow K-LOVE to broadcast & provide a positive choice for residents in San Antonio, Texas.

Thank You, Gary Neubauer II SA, TX
